

ELEMENT ON COOLUM QLD

Element on Coolum Beach is a luxury residential development situated in the heart of the spectacular Sunshine Coast.

The three-level development includes 49 apartments arrayed around a large central courtyard and smaller court spaces, with active retail tenancies on the seaside street level.

The apartments themselves are configured in one, two, three and four bedroom formats. There are also seven superior penthouses.

The project was designed by the Buchan Group for Ariadne Development and was completed in 2006.
